

# ANCHOR CARGO DAY 2018 ANCHOR

Mercy Ships Cargo Day 2018 has been a great success!  
And that is because of you...

The global shipping and trading community joined together a third time to raise support for **Mercy Ships**, an NGO operating the **world's largest** civilian **hospital ship**, serving those with little access to medical care.

The Mercy Ships Cargo Day Campaign **raised more than \$750,000** through the participation of **25 charterers**, **16 shipowners**, **21 shipbrokers**, **2 port agents**, plus **5 service companies** and **associations**. In total, **103 cargoes** were given by ship brokers and port agents while **7 address commissions** were given by charterers and shipowners.

On behalf of all our volunteers and patients in Africa, Mercy Ships would like to thank you - **our generous partners below**. We are so very grateful for your support to Mercy Ships. Together we can continue to make a lasting difference!

**Save the date – and join us again for the 2019 Cargo Day edition on the 2nd of October next year.**
